General Information

1. Apple Sales Web (ASW) Access

ASW is Apple's channel web site. You will find policies, practices, and other valuable tools necessary for doing business with Apple. As an Apple Authorized Online Training Center, you are required to access this site on a weekly basis. You need an AppleConnect ID in order to access the site. If you do not have access to ASW or an AppleConnect ID, please follow the instructions below to register for ASW.

TO REGISTER FOR ACCESS

- Go to <http://sales.apple.com>
- Click the "register here" link located in the top, right hand corner of the log in screen. Please complete the form, including the Apple ID for your location. Submit the registration form.
- You will receive a confirmation email within 3 business days.

If you have any questions or problems with your registration, please contact:
asw@apple.com.

2. Changes to this document

Apple reserves the right to change the Policies and Practices Document, at any time, by posting to Apple Sales Web and notice shall be deemed given when posted, and Online Training Center shall have a commercially reasonable period of time to implement any notified changes on the Training Class, provided such period shall not exceed thirty (30) days.

3. Additional Definitions for the Pro Apps Online AATC Program

- a. "Apple Portal Site" means the password protected Internet web site administered by Apple or its agent that provides Training Centers and Candidates access to Apple Tests and Testing System Software.
- b. "Apple Testing Material" means the Testing System Software, Apple Test and related information that is proprietary to Apple or licensed thereto, and which is accessed by or provided to a Training Center for the limited purpose of performing Testing Services at an Authorized Location.
- c. "Candidate" means an individual who registers with Training Center to take a Test.
- d. "Testing System Software" means the data communications, testing systems and software that are proprietary to Apple or licensed to Apple by third party suppliers and all changes, enhancements, upgrades, improvements, and modifications thereto and derivative works thereof. Testing System Software includes all software and systems necessary to or used by Apple or third party suppliers to register Candidates, administer an Apple Test, processes results and communicate with Candidates.

4. AATC Recognition Program

The Apple Authorized Online Training Center (AATC) Recognition Program's mission is to reward our highest performing AATCs and encourage all AATCs to strive for excellence. This program will be available to both Mac OS X Technical Training and Pro Apps AATCs. Participation in this program is optional.

Only AATCs who accept training units and are considered to be in good standing are eligible to take part in this program. AATCs are considered to be in good standing if they meet the following conditions:

- Submit rosters on a timely, consistent basis
- Submit invoices on a timely, consistent basis
- Submit student evaluations via Metrics that Matter for all classes
- Submit AATC forecast reports monthly
- Are not in arrears for any of marketing, material or exam fees
- Have a record of 4.0 out of 5.0 for customer satisfaction on Apple certified courses as defined in the Metrics that Matter results

**Pro Apps only

5. Training Classes

The Online Training Center is permitted to deliver only the Training Classes that their Certified Trainer is eligible to teach based on their completion of the certification program associated with the Apple Certified Trainer Program. Apple reserves the right to change the Training Class title and content, at any time, by posting to Apple Sales website and notice shall be deemed given when posted, and Online Training Center shall have a commercially reasonable period of time to implement any notified changes on the Training Class, provided such period shall not exceed thirty (30) days.

a. Minimum Number of Training Classes and Exams

Online Training Center agrees to deliver a minimum of one (1) Apple Pro Apps training class and two (2) Apple Pro Apps certification exam sessions each quarter in order to maintain a presence on Apple's training website, <http://train.apple.com> and valid status as an Authorized Online Training Center.

b. Enrollment of Students

Online Training Center is responsible for maintaining an enrollment process for their students and must send written confirmations of enrollment to any

registered student that has remitted full payment either via email or other approved distribution systems.

c. Certified Trainers

Unless otherwise agreed to by Apple, only employees or authorized independent consultants of the Online Training Center who are Apple Certified Trainers (ACTs) are permitted to deliver Training Classes under this Agreement. Details on Apple's Certified Trainer Program are currently available at <http://train.apple.com>. ACTs may not deliver Training Classes for which they are not certified. The Online Training Center shall ensure that they employ one ACT for each course in which they deliver training. They shall ensure that the ACT engaged by Center remains in compliance with Apple's Policies and Practices for Apple's Certified Trainer Program while delivering Training Classes.

d. Method of Delivery

The Online Training Center agrees that the technical discussions of the Apple-approved Course Materials shall be based on those demonstrated to the ACT during the ACT Train-the-Trainer (T3) Program. Class discussions and laboratory exercises will be consistent with those defined in the Apple-approved Course Materials.

5. Co-Marketing

- a. Online Training Center may include descriptions of Training Classes that Online Training Center is authorized to deliver in its relevant training and promotional publications such as course catalogs websites, and various marketing material
- b. All course catalogs, promotional publications and other materials promoting Training Classes offered by the Online Training Center must be reviewed and approved by Apple in writing before publication to ensure Apple's third party guidelines on trademark use are being met. Apple will use reasonable efforts to review publications within a commercially reasonable period of time not to exceed thirty (30) days.
- c. An annual marketing fee per AATC location will be assessed for placement of AATC on the Apple Customer Training website and for the ability to post schedules online for customer viewing. This fee will also give the Online Training Center other program benefits. This is an optional fee and covers from July 1st through June 30th of the year in which it is paid. All participating Online AATCs will be assessed a new marketing fee each July, regardless of the month in which they paid the previous year's fee.

6. Duties of Online Training Center

a. Program Updates

Worldwide Training and Certification emails a monthly Program Update to all AATCs. This is our vehicle for communicating important AATC Program news and Apple Training and Certification updates, including new courses and exams. As an Apple Authorized Training Center, you are required to have at least one member of your staff read this update each month. You can add additional

recipients to the recipient list by sending their email address to trainingcenter@apple.com.

b. Registration

Apple and the Online Training Center agree that throughout the term of the Agreement Online Training Center is responsible for registering Students seeking enrollment in Training Classes delivered by Online Training Center. Online Training Center is responsible for administering the cancellation policy.

c. Customer Billings

Apple and Online Training Center agree that Student billing for the Authorized Training Location will be handled by Online Training Center in the same manner as other customer billing activities. Online Training Center shall be responsible for handling all Online Training Center inquiries and complaints concerning billings, unless agreed otherwise in writing by both parties.

d. Student Roster

Upon completion of a Apple Training Class, Online Training Center agrees to complete and forward to Apple a complete student roster of attendees at such Training Class that is completed using the Roster Tool application available on ASW (<https://asw.apple.com/cgi-bin/WebObjects/ASWViewer.woa/wa/display?id=L304332A>). The roster csv file must be sent to autowizbot@apple.com with a cc to trainingcenter@apple.com via email transmission or as otherwise directed by Apple. Student Roster information should include the Course Part Number, Date of Class, Student's name, company, and full company address. Any Apple Training Unit customers should have a Pre-Authorization ID number submitted on the Roster as well. Apple may terminate the Online Training Center's authorization immediately if the Online Training Center fails to adhere to the requirements of the Student Roster.

- i. Privacy Of Student Data - Online Training Center agrees to comply with all laws regarding the gathering, compiling and distribution of information relating to the personally identifiable information of Students, including if appropriate, notice prior to or at registration that personally identifiable information may be shared with other third parties for evaluation, marketing and administration purposes. Online Training Center must indicate on the Student Roster whether Students have not permitted Online Training Center to allow their personal identifiable information to be processed in this way.

f. Apple Certification Tests

Online Training Center agrees to offer corresponding Apple Certification Tests to all Students attending Training Classes, if available. Online Training Center agrees to offer available Apple Level One Certification Tests. Only students of the Online Online Training Center shall be allowed to take the Apple Certification exams.

g. Completion Certificates

The Certified Trainer must provide each Student who completes the Training Class a Course Completion Certificate on the last day of the Training Class. The

Course Completion Certificate must be in accordance with Apple's Corporate Identify Guidelines.

h. Apple Quarterly Seat Requirement

Online Training Center also agrees to make two (2) Training Class seats per Online Training Center per quarter available for Apple's use, at its discretion, provided that the cost of using the seats is incremental to the Online Training Center, i.e. the use of the seats does not incur significant additional costs such as the hiring of an additional Certified Trainer or Teaching Assistant. The parties will agree on the provision of Student Materials for the use of the seats.

i. Promotions

From time to time, Apple may present to Online Training Center promotions on Training Classes used as a tool to market Training Centers, and Online Training Center agrees to consider its participation in such promotions on a case by case basis.

j. Website and Registration System Requirements

Online Training Center must maintain a website with current information regarding Training Classes and Apple Tests, including approved descriptions, schedules and pricing. The website must allow a Student to register online or direct the Customer to a phone number of a training sales representative who can enroll the Customer in the Training Class or Apple Test. Apple Authorized Training Center must be displayed on all websites.

k. Practice exams and Exam Prep Guides

Online Training Center must provide a Apple Practice Exam and corresponding Exam Prep Guide, if available, to each registered student.

7. Materials

a. Student Course Materials

Online AATCs re eligible to become PeachPit resellers and purchase Student Course Materials at a discount to be determined by PeachPit. The Online AATC may make these materials available for their students to purchase. However, the materials are optional, not required. These materials may be ordered through PeachPit Press. b. Instructor Course Material

Apple will provide, as part of the T3 process, one set of Instructor Course Materials per course required to deliver Training Classes to the Certified Trainer. Any lost or replacement materials must be replaced at the expense of the Certified Trainer.

d. Apple Authorized Materials

Online Training Center shall perform Training Services using Apple Authorized Course Materials developed by Online Training Center. Online Training Center shall provide one set of Student Course Materials for each Student enrolled in the Training Class, in addition to any supplemental materials provided, unless otherwise agreed in writing by Apple.

8. Performance of Online Training Center

a. Evaluation Forms

On the last day of each Training Class, Online Training Center agrees to provide to Students the class evaluation forms from Metrics that Matter (MTM).

b. Monitor Performance

Following receipt of the class evaluation forms, Apple will review the forms for quality assurance purposes. If any Training Class receives an overall score that is less than the Quality Assurance Threshold set for the Training Class, Apple may terminate the Agreement in accordance with its terms or pursue such other remedies in its sole discretion, including but limited to the Quality Assurance Remedies described below.

c. Quality Assurance Remedies

In the event that Training Classes are not performed in a manner consistent with the provisions of this Agreement, Apple may request that the situation be cured.

- i. Upon receipt of notice, Online Training Center and Apple will jointly develop and implement an action plan to remedy the situation within thirty (30) days.
- ii. If the situation is not corrected within a total of forty-five (45) days after notification of the problem, or within a reasonable length of time as dictated by the agreed-upon action plan, Apple may after reasonable consultation with Online Training Center, direct Online Training Center to take additional corrective action.

- iii. If a replacement Certified Trainer is required, Online Training Center shall bear the costs associated with replacing a Certified Trainer.
- iv. If problems persist beyond an additional remedial action time limit of forty-five (45) days, Apple reserves the right to terminate the Agreement immediately. This right to terminate is in addition to any other rights Apple may have under the Agreement.

9. Cancellation

The parties agree that the following cancellation policy shall apply to all Apple Training Classes delivered by Online Training Center:

a. Customer Cancellation

- i. Customer is entitled to full refund if written notice is received at least 14 days in advance of the class.
- ii. Customer is entitled to a full class credit if written notice is received at least 7 days in advance of the class. Class credit must be used within 6 months of the date of the original class at another class offered by Online Training Center.
- iii. Customer is not entitled to a refund or class credit if less than 7 days advance written notice is given.
- iv. Failure to provide written notice at least 14 days in advance of the class obligates the Customer to pay the full price of the class.

b. Online Training Center Cancellation

- i. Online Training Center reserves the right to amend or cancel the date and time of a Training class at any time, including replacing personnel who may be scheduled to deliver the Training.
- ii. In the event a Training class is cancelled by the Online Training Center, the Customer is entitled to a full refund.
- iii. Online Training Center shall not be responsible for any other loss incurred by Customer as a result of a cancellation or amendment.
- iv. Online Training Center shall immediately notify Apple by fax at 408-974-2176 or email at trainingcenter@apple.com of any cancellation of a Training Class by Online Training Center.
- v. If the Authorized Training Location is available for the Training Class at the scheduled time and another trainer certified by Apple is available to teach the Training Class at the Authorized Training Location at the scheduled time, with the consent of Online Training Center, Apple may facilitate the attendance of such trainer to teach the Training Class, and shall invoice Online Training Center the trainer's fees and reasonable expenses for delivering the Training Class. Payment shall be due thirty (30) days from Apple's invoice date.
- vi. If the Authorized Training Class is not available at the scheduled time, in addition to immediately notifying registered Students of the cancellation, Online Training Center will make commercially reasonable efforts to reschedule the Apple Course at a time and date closest to the original schedule.

Apple Certification Exam Proctor Guide

Follow these steps to proctor Apple's Certification Exams on-line.

- Step 1.** Have your students (Test Candidate) Register for a Tech ID at certifications.apple.com.
- Step 2.** Make sure that your students have their eligibility code and voucher code before they begin.
- Step 3.** Once your students have their Tech ID and eligibility and voucher codes, you are now ready to proctor the exam.

To set up exam for each student follow these steps:

- Step 4.** If they haven't already done so, have your students log into the Apple Certifications website at www.certifications.apple.com/, using their Apple ID.

Step 5. Click the “Exam Sign Up” button in the blue ribbon bar at the top of the Apple Certifications administration page.

Step 6. Scroll down right side of page and locate the exam you wish to take and click sign up for certification exam.

Exam Group: End User Exams - Level 1 -	Exam Code
All Required	
Apple Motion End User Exam, Level 1	9L0-924

Step 7. Scroll to the bottom of the new page to Pro Application and click the “click here” link.

Pro Applications: **NOTE:** You must enroll in a Pro Applications course to take most Pro Applications exams. [Click here](#) to sign up for a Pro Applications course.

Step 8. From the “Welcome to Prometric Prime” page have the test candidate select his or her preferred default language, then click on the “Secure Sign-in (uses SSL encryption)” link if s/he already has a Prime profile, or on the “First-time Registration” link, if s/he doesn’t have a Prime profile yet.

Step 9. Walk the test candidate through creating a Prime profile if this is his or her first time registering with Prime. Ensure that the test candidate's name and Apple Tech ID reflect the information documented on the Apple Certifications site. If name and Tech ID are not entered accurately, the test candidate's exam results will not upload to the Apple Certifications Website.

Note: In order to use this system or take tests online, your browser must support cookies.

Step 11. Instruct the test candidate to follow the on-line instructions, selecting “Apple” from the pull-down menu. Then the test candidate sets up his or her Prime profile by entering all required information. The test candidate’s last name and Apple Tech ID must be entered EXACTLY as they are documented on the Apple Certifications website.

NOTE: Test candidates can only access the Prime test database by way of the Apple Certifications site.

Step 12. After logging in, the test candidate will see a window similar to the following. The test candidate should click on the “Continue” link.

TIP: If a test candidate needs to update his or her Prime information, or wants to verify that his or her Tech ID is entered correctly, tell him or her to click on the “Update My Info” link, and verify, or make any necessary changes. Updating Prime information does not automatically update profile information on the Apple Certifications website. The two systems are not integrated.

Step 13. From the following page, the **test candidate** should click on the “Take Test” link.

Step 14. Once the test candidate clicks the “Take Test” link, the following page appears. The test candidate enters the eligibility code that was given to them by the proctor. After verifying that the number was entered correctly the test candidate should click on the Submit button.

NOTE: The eligibility code should look like this: APPL-3567-8924-5902-8193. If you have run out of eligibility codes, please order more through Maxwell via ASW.

The screenshot shows the Prometric website interface. At the top, there is a navigation bar with icons for home, help, and other functions. Below the navigation bar, a progress bar indicates the current step: **STEP 1**. The main heading is **Step 1: Select a Test Sponsor (or submit keycode)**. Below this, a paragraph explains that Prometric offers both publicly available tests and private tests, which require a keycode to unlock. There are three main sections: **Public Tests** (with a dropdown menu showing 'Apple' and a 'Submit' button), **Private Tests** (with a text input field and a 'Submit' button), and **Eligibility Tests** (with a text input field and a 'Submit' button). The sections are separated by 'or' labels. At the bottom left, there are links for 'Other Options' and 'Return to Candidate Menu'.

Step 15. The following page appears once you have submitted a valid eligibility code. At this point the test candidate will be prompted for a voucher code.

The screenshot shows the Prometric website interface. At the top, there is a navigation bar with icons for home, help, and other functions. Below the navigation bar, a progress bar indicates the current step: **STEP 5**. The main heading is **Step 5: Promotions/Vouchers**. Below this, a paragraph explains that if the candidate has a promotion code or voucher, they should enter it below. Otherwise, they should leave the field blank and press 'Continue' to proceed to the payment screen. There is a text input field labeled **Enter Promotion Code or Voucher** containing the text 'TEST-1236-7732-2564-2'. Below the input field is a 'Continue' button. At the bottom left, there are links for 'Other Options' and 'Return to Candidate Menu'.

Step 16. Once the voucher code has been entered and the Proctor has verified that the appropriate test has been accessed, the test candidate presses the “Begin Test!” link.

Online AATC Code Ordering for End User and Practice Exams and Exam Prep Guides

Overview

Worldwide Training and Certification offers an online solution for ordering and paying for end-user exam eligibility and voucher codes. This system, nicknamed Maxwell, will allow the Online AATCs to place orders by specifying type of exam and number of exams. All Online AATCs have access to level one end-user exams.

Getting Started

Online AATCs must have access to Apple Sales Web (ASW) in order to access Maxwell. ASW access is granted to a specified list of individuals at each Online AATC. In order to add additional people to ASW access, please email trainingcenter@apple.com. Access to ASW can take up to six (6) business days once the request is received by WWT&C.

Logging In

Log into ASW via <http://sales.apple.com> using your AppleConnect ID. In the Site Search field, type Maxwell and hit enter. You will see a listing for the Apple Training Test Voucher Order form. Click on it. You will be directed off of ASW and asked to authenticate your log in again.

Main Screen

Once logged in, you will see a screen like the following:

Apple Training Units Business Processes for Online AATCs

Apple Training Units are a way for customers to separate the purchase decision for training from the scheduling decision. The program is currently targeted at business and education institution customers. Apple Training Units are also being targeted at customers anxious to spend allocated funds within their fiscal year. This placeholder for their funds allows them to take training at a future date not to exceed 12 months from their purchase date in order to make a decision about which courses are appropriate for the people involved.

Participation by the Online Apple Authorized Training Center (Online AATC) is voluntary and based on the decision of the individual Centers. All Online AATCs must read the program processes and sign an opt-in form validating that they have read and understood the program policies. This form is mandatory in order to establish a purchase order (PO). No Online AATC will be reimbursed without a PO in place prior to the acceptance of a Training Unit student. The opt-in form is included at the end of the Training Unit processes.

Attached are processes around Apple Training Units for Apple Authorized Online Training Centers:

Training Units Redemption for Class Registration at Online AATC

Steps:

The customer contacts the Online AATC where they wish to register for a class using Training Units. Training Units can be redeemed for Apple developed training classes. A purchase order must be in place with Apple and the Online AATC prior to accepting a student registration.

1. Online AATC obtains the required information from the customer for class registration
 - a. Course Name (Mandatory)
 - b. Class Start Date
 - c. Location, if applicable
 - d. Student last name, first name (Mandatory)
 - e. Company Name
 - f. Market Segment
 - g. Email address for Client's Authorized Training Unit Account Administrator (Mandatory)
 - h. Online AATC information (will auto-populate)
 - i. Comments
2. Online AATC submits a Training Units Redemption request to Apple (WWCT) through ASW (<http://asw.apple.com/cgi-bin/WebObjects/ASWViewer.woa/wa/addBookmark?id=L308285A-US>) at least 5 business days prior to class start date. Validation is done electronically based on Authorized Training Unit Account Administrator email address.
3. If sufficient Training Units balance exists, Training Units will be automatically held for class and notes in the transactions note section of CrackerExtreme that this is being redeemed at an Online AATC, which Online AATC is delivering the training and the location of that Online AATC.
4. If insufficient available Training Unit balance exists, the request will go into a hold status and an email will be auto-generated to the Online AATC to follow up with the Customer. Customer must either: order additional units, hold off and redeem for product using fewer units, or pay using another payment method. **Split payment methods where a customer combines Training Units and another form of payment to pay for the classes are NOT allowed.**
5. Once a sufficient Training Unit balance is in place, CrackerExtreme will send a transaction email confirmation to Training Unit Administrator and copy the Online AATC (as well as any standard cc's for that account i.e. Student, Account Rep). This email confirmation will serve as approval for course enrollment.

NOTES:

- 1) Expected turnaround time from the time of an Apple Training Unit sale to the time a student can redeem training units for a course is 7-10 business days.
- 2) No Online AATC is authorized to redeem training units from any student or company without first receiving approval from Apple (WWCT) that validates that training units are available and are being redeemed by the Company's authorized account administrator. Any Online AATC who fails to obtain authorization from Apple (WWCT) validating that a student/company has sufficient training units for a class may not qualify to be reimbursed by Apple for delivery of the class. This decision is at Apple's discretion. All training unit redemption requests **MUST** be completed prior to class start date or the Online AATC will not be reimbursed for the student.

Credit Process for When Customer Calls to Cancel Class at an Online AATC

Steps:

1. Customer (Acct. Administrator) calls the Online AATC to cancel the class for which they have used Training Units as payment. NOTE: These refunds are subject to WWCT's current refund policy for cancellations. If it is outside of our refund policy, this needs to be explained to the customer that they will not be receiving a credit back for the class. No further notification to WWCT is required. If it becomes a customer satisfaction issue, escalate it to WWCT.
2. Online AATC immediately contacts WWTC to advise of cancellation and rescheduling (if any) via email at trainingcenter@apple.com. **ANY notification must be done as soon as possible prior to class start date.**
 - a. If customer is rescheduling for a class on a different date, the Online AATC needs to re-submit a TU Redemption Request form.
3. WWTC logs into CrackerExtreme and looks for the transaction based on the Customer and date of the class.
 - a. If the Customer is entitled to a credit since it is within our cancellation policy, the TU Redemption Request will be retracted.
 - i. CrackerExtreme will send an automatically generated email to the customer with a cc: to the Online AATC regarding the Training Units being released back into the customer's account.
 - b. If the Customer is not entitled to a credit due to being outside the bounds of the cancellation policy, WWTC will leave the status of the units as is. This status should remain in the "reserved" status so that the system will automatically change the status of the Training Units to "redeemed" when the first day of class occurs. Online AATCs must submit roster showing student name noting late cancellation or no-show. Online AATC must also invoice WWTC with the same notation.

NOTE:

1. All customer satisfaction issues are to be handled by the Training Center.
2. Online AATC will be reimbursed for the student if the student did not cancel within the timeframe required for a course credit and there are no customer satisfaction issues, even though the student did not attend the class.

Credit Process for when Online AATC Cancels Course at their Location

Steps:

1. Course is cancelled in accordance with WWTC cancellation policy.
2. Online AATC contacts customer to advise of cancellation.
3. Online AATC must contact WWTC via email to trainingcenter@apple.com to advise of course cancellation. **ALL notifications must be done as soon as Online AATC makes the decision to cancel the course and as soon as possible prior to class start date.** Email needs to contain the following information:
 - a. Class name
 - b. Class date
 - c. Student name
 - d. Student email address
 - e. Company Training Unit account administrator email address
4. Upon receipt of this email, WWTC will retract the TU Redemption reservation. If customer is rescheduling for a class on a different date, the Online AATC will need to submit a new TU Redemption Request for the new dates and/or course information.
5. CrackerExtreme will send an automatically generated email to the Administrator with a cc: to the Online AATC regarding the cancellation of Training Unit transaction.

NOTE:

1. Billing issues as it relates to the Customer and the Online AATC are to be resolved between the Online AATC and the customer directly.
2. Participating Online AATCs must adhere to WWTC's 14 day cancellation policy.

Payment Process for Online AATC redemption of Apple Training Units

Steps:

1. Customer takes class at Online AATC using Training Units as payment.
2. Online AATC indicates on Roster Tool which students are using TUs. Roster tool must be submitted to WWCT on class start date. After 3 or more incidents of late Roster submission, the Online AATC will no longer be allowed to participate in the training units redemption program.
3. WWCT tracks Online AATC and TU students based on Roster Tool submission.
4. Online AATC invoices WWCT for payment by sending invoice via email to trainingcenter@apple.com. Invoice should include the following information:
 - a. Purchase order (PO) number
 - b. Student's Name
 - c. Company Name
 - d. Date of Class
 - e. Class Name
 - f. Class Part Number
 - g. # of Training Units
 - h. 90% of training class suggested retail price (see [AATC ATU Redemption Price List](#) (Part Number L329998A-US on ASW))
5. **IMPORTANT: ALL invoices must be submitted within 14 days of course date. Any invoices sent after close of the quarter in which the class was delivered will be sent back and the amount revised to 50% of previous total. Any invoices sent in later than the close of the quarter after the class was held will not be paid.**
6. WWCT to go into CrackerExtreme access rosters and student data.
7. WWCT processes goods receipt (GR) towards Online AATC PO.
8. Austin A/P processes invoice receipt (IR) on net 30 terms against PO from date of invoice submission.

NOTE:

- 1) Revenue recognition for WWCT will occur as normal and WWCT will accrue for the reimbursement expense.
- 2.) Invoices submitted that exceed 14 days from class start date are subject to non-reimbursement.
